

Dear retailer,

I would like to ask you to stock Leskol Half Fat, the healthy alternative to mature Cheddar, made by Wyke Farms. I am a healthy eater and would really like to be able to buy it from you, rather than from an alternative retailer.

Leskol is particularly important for those on cardiac care or calorie controlled diets, especially as it does not compromise on flavour and I can cook with it too.

You can contact Somerset based Wyke Farms on **01749 812424**.

Thanks you very much for your time,
